## **UC4 Software Fuels Momentum with Customer Wins in Energy, Consumer Products, Retail and Entertainment**

*Automation Leader Closes Fiscal Year 2010 with Strong License Growth*

**Bellevue, Wash. and VIENNA – September 7, 2010** – UC4 Software, a leading provider of Intelligent Service Automation and IT process optimization solutions, today announced it won 90 new customers and delivered revenues of more than \$72 million in fiscal year 2010.

“UC4’s strong performance in FY10 speaks to the exceptional value customers see in our automation technology,” said Jason Liu, CEO, UC4 Software. “UC4 helps reduce the cost of delivery through labor automation and reduction in CAPEX in data centers today, while providing the platform to confidently move business-critical processing into virtual and cloud environments.”

UC4’s license growth increased by more than 20 percent year-over-year with the United States delivering growth in excess of 40 percent. The UC4 Automation Engine was adopted by a diverse group of enterprises worldwide in FY10, including AMC Entertainment, Chivas Brothers, C1000 and SourceGas LLC.

UC4 automates IT and business processes, anywhere. For more information on Intelligent Service Automation, visit <http://www.uc4.com>. For more information on the UC4 Automation Engine, visit: <http://www.uc4.com/products-solutions/automation-engine/>
